Mapleton Park Board Minutes

6:30 PM

Present Members: Jennie, Donna, Mandi, and Jodi

Meeting called to order at 6:35pm.

Community topic request - dog park: Community member Stacey Bangert was present to discuss. All agree it's a great idea, but presents some challenges. How does dog waste clean-up get enforced? Some cities and park districts do DNA testing on waste to assess fines and cost of testing, but that requires DNA profiles to be completed before park use. What water sources are needed? Where would it be located? Some park districts recommend having an extra space to alternate when grass becomes worn. Next steps are to check with attorney on insurance and engineering and to do a little more research.
