Teeter totter: 4 way is what's needed for safety

Merry go round: Misty will get prices.

Surveillance cameras: Mario will check around for quality and prices.

Open gym balls, soccer nets, volleyball nets, and picnic tables – all have been approved for purchase and Shanna will make purchases.

Open gym is going well. Shanna will purchase 40 gatorades for the last night.

New and existing members need to complete tax forms for Mary.

New business:

Easter egg hunt: last year we had 250 eggs and that was not enough. This year we need to double or triple that number. Misty makes motion to approve up to \$500.00 for Easter egg hunt. Mario seconded. All in favor. MC. The date will be Sunday March 31st at 2:00pm.

Open discussion:

Community days have been set for Aug 24th.

Mike Johnson has volunteered to remove the two posts from his yard that held the Christianson Park sign that blew down this last year. Park board gave its ok.

Recycling: Misty would like to approach city council about curbside service and requested the support of the park board. We all agreed that we would support her request.

Lawn service: Johnsons sent an estimate that was quite a bit higher than last year. We will get other estimates for weed and feed service before a decision is made.

Mary was wondering about quickbooks and payroll. Marcy will discuss with Mary and see if she really wants or needs it.

Mario makes motion to approve \$38.98 pmt to Norton antivirus. Marcy seconds. All in favor. MC.
